Career Objective

A Versatile professional with strong experience in data collection, entry, cleaning, and analysis, combined with over 20 years of practical farming and agribusiness skills. Skilled in Microsoft Office, Power BI, and digital tools, alongside hands-on expertise in poultry management and crop cultivation. Seeking opportunities where I can contribute analytical precision, agricultural knowledge, and problem-solving to organizational success.

Key Skills

- Data Entry & Accuracy
- Data Collection (Google Forms, ODK, CommCare)
- Data Cleaning & Validation
- Microsoft Office Suite (Excel, Word, Access)
- Power BI & Dashboard Creation
- Customer Relationship Management
- Team Collaboration & Supervision
- Business Development & Sales Strategy
- Problem-Solving & Decision-Making
- **Agricultural Skills**:
    - Poultry farming (family poultry management)
    - Crop cultivation (vegetables, maize, pawpaw, aloe vera)
    - Sustainable farming practices
    - Garden management and food production
